President's Corner

Welcome to the Spring edition of the Cohoes High School newsletter. It is not quite Spring in Cohoes as we are having an exceptionally cold winter.

It is ok, and reminds me of the days we used to skate at Carlson's ice skating rink. It was never too cold then. Of course, we were a wee bit younger also.

Thoughts come to mind all the time of going to Carlson's, Guptill's and St. Agnes's Lyceum to skate, along with the wonderful times we shared with each other and the great environment we had.

I always think we lived the show "Happy Days".

Happy Days are here for me also since I have finally finished reconciling the mail list. When we send the newsletter out bulk mail we do not get any returns. When we sent it first class, as the last mailing was, we received hundreds of returns.

I was overwhelmed with the task ahead of me, so I called on members of the alumni in Cohoes to help me.

Special thanks to Carol Desnoyers who helped not only with finding where people are but also a website that helped all of us in the endeavor. The group that helped me and saved me were Colleen McDonald, Carol Connelly, Carol Desnoyers and Linda Trembly. Special thanks to all of them.

On page 4 there is a list of missing alumni. If you recognize anyone and know where these alumni are, I would appreciate any information you have. Please e-mail or phone me. **cont'd rt.**

We will have a meeting of the alumni at 6 pm on Thursday, April 19th, my home at 60 Simmons Ave, Cohoes. Please let me know if you would like to attend or if you have any information you would like presented at the meeting.

The CHS Awards night is at 6 PM Thursday, June 21st at the Cohoes High School. If you are interested in creating an award and or presenting an award, please contact me.

Thank you all for your support. Years ago the Cohoes Business Association wanted to create a motto for Cohoes. After a brainstorming, we came up with, "Cohoes, a Community that Cares"

That motto is certainly exemplified in the financial response the CHS Alumni has had these last 20 years, from you the alumni.

Thank You
Barbara

New Future-Ready Pathways Program puts students on track to graduate with Regents diploma and associate's degree.

New York State Education Department Smart Transfer grant will provide \$839,301 over four years for early college high school initiative.

Nov. 13, 2017--Earlier today, the entire Cohoes High School Class of 2021 learned of the school's new Future-Ready Pathways program--a collaboration between the district, Hudson Valley Community College and University at Albany--that provides year-round mentoring and support to 25 students as they pursue a Regents diploma and 60 college credits before graduation, all at no cost to families.

"Future-Ready Pathways begins with you, the members of the Class of 2021, because you're just beginning high school," said Superintendent Jennifer Spring, Ed.D. "This is an incredible opportunity for you and the payoff will be immense. You'll be well ahead of your peers, whether moving on to college or planning for a career."

Students have the option to choose one of four career exploration pathways: Computers, Engineering and Technology; Health Science and Human Services; Early Childhood and Adolescent Education; and Business and Communications.

"This path is rigorous and you will need to work hard, stay focused and be determined," added Dr. Spring.

Students will be expected to attend summer classes, which will be held at either Hudson Valley or Cohoes High School and participate in extended learning time after school. There will also be opportunities for career exploration that support the four Future-Ready Pathways as students will be required to complete internships as part of the four-year commitment.

Students must submit an online application to enroll in the program. They must also have an 80 percent overall average, write two essays and provide teacher references to be considered.

Preference is also given to those students who are first generation college goers, English language learners, minority, or would not traditionally have access to higher education after graduation. In addition, 13 of the 25 students must also be classified as socio-economically disadvantaged as determined by income eligibility for free and reduced-priced lunch.

"The purpose of this program is increase the number of our students taking post-secondary coursework and give those students access to higher education when they may not otherwise consider it an option for their future," added Dr. Spring.

*The online application also requires that the student's parent or guardian agree to support the child's decision to enroll. The deadline to apply is November 30, 2017 and can be found here: **Future-Ready Pathways Application***

Cohoes-Keveny Annual Alumni Picnic.

September 17 was the annual Alum Picnic. It was a great success as always. Babes Catering provided an outstanding array of good food, buffet style. More than enough was the word! Phil Phillips and Gary Oliver were in charge of the grills.

Class of 1957 Reunion at Ukranian Club Saturday, September 16, 2017

While I was checking on some last minutes details for the Annual Picnic, I happened to step into the dining room. To my surprise, the Class or '57 was there celebrating their 40th reunion.

It was not a large group, but they were there to renew old friendships and remember good times.

You will probably recognize some faces that seem to be at all these alumni affairs. Call an old friend & meet them at your own reunion or come to the Alum Picnic.

Reunion Organizers Unite!

Let's help one another to make our CHS and KMA reunion parties the great successes that we all want them to be. Network with and learn from alumni who have already organized reunions. Advise and encourage those who are just getting started or are considering doing so. Pass along your expertise! Lots of research has already been done, so why invent the same wheel over and over again? Maybe we can even join forces to negotiate the best rates from venues, caterers, bands, DJs, etc. Or even combine multiple reunions? Together we can get the biggest bangs for our reunion bucks. If nothing else please provide Steve with contact information for your CHS or KMA class's reunion organizer so that we have a central repository for this valuable information.

All who are interested in providing or obtaining reunion advice please contact Steve Rock (CHS Class of '76) at 845-621-2373 or Steve_Rock_0916@yahoo.com.

“The Out to Lunch Bunch”

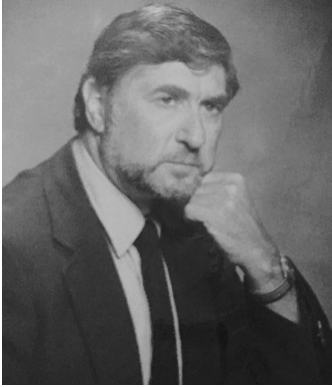

Meets every third Wednesday of the month, October through June at MAX410 at Van Schaick Island Country Club or Babe's Restaurant on Bedford Street. The venue is rotated monthly. A varied light lunch menu is available. Please, if you do decide to attend, call to see where the luncheon will be held.

Call Barbara at 518-237-9645 or Rose at 518-237-3435

Cohoes Day in Florida

As of this time there are no plans to hold a “Cohoes Day” in Florida this year. If you are in Florida this winter, make a call to an old friend or classmate. Get together for lunch or dinner. As my friend Barbara says, “it's always good weather when good friends get together.”

Dr. Hans Holzapfel

In accordance with his wishes, Dr. Holzapfel directed in his will that one hundred thousand dollars be entrusted by Cohoes High School to fund a Life Sciences Scholarship. The School District is not allowed to invest in the higher return investments and returns on CD's are currently very low.

Through an agreement reached with the The Trust Executor, Linda Leventhal and Cohoes School District, twenty five hundred dollars a year will be provide for a Scholarship in Dr. Holzapfel's memory.

Barbara McDonald with Superintendent Spring are responsible for initiating this agreement. Good work. This will be a great addition to Awards Night and a great way to honor the memory of a generous Cohoes High School Alumnus.

Hans escaped Germany ahead of the Holocaust. He was lucky enough to have his mother's friends, Doctor and Mrs. Hans Weiss sponsor his immigration to Cohoes New York.

His admission to Rensselaer Polytechnic Institute was denied because he had not completed or didn't have proper documentation of his education in Germany. Principal Madelon Hickey and the faculty of Cohoes High School arranged to prepare him for college entrance exams which he passed.

He entered Rensselaer Polytechnic and went on to receive a Bachelor of Science degree in Biology from Albany Medical center before moving on for medical training in Santa Barbara CA. Hans dedicated his life to the medical field, working as emergency physician and in many family practices over the years. His commitment to the field is matched by his humble attitude. Holzapfel joked; "My only claim to fame is that I've never been sued." He certainly has a claim to fame in Cohoes these days.

Hans also bequeathed two other Scholarships to Rensselaer Polytechnic Institute and Albany Medical College totaling six hundred thousand dollars. Local students will reap the benefits of these gifts for many years to come.

Editors note: We are including this article because of a couple of errors. One was the spelling of Holocaust and putting it in parenthesis. They were not intentional and we apologize to anyone we might have been offended.

Dr. Susan Weiss brought these errors to our attention and has been asked to edit or add to this article whatever she thinks may be relevant. We have had no response from Dr Weiss.

Hometown news

Remsen Street has been changed on both ends. A huge fire caused devastation on the 200 block while a modernization has beautified the north end from Ontario to Cayuga Streets. New sidewalks, repaving and new curbing have been added. Still in the planning is a new bandstand and concert area for the Canal Park area.

Lower Remsen Street lost 2 three story buildings and a large storage garage. Three buildings on the north end of the block survived without significant damage. Several buildings on the east side of the street had damage ranging from light to serious, mostly water and smoke damage.

Smith's Restaurant was a victim of heavy water damage. Fortunately, they were able to reopen the bar and Dining Room after 20 days of restoration. The upper floors are still repaired.
